

Racial Housing Disparity in Miami-Dade

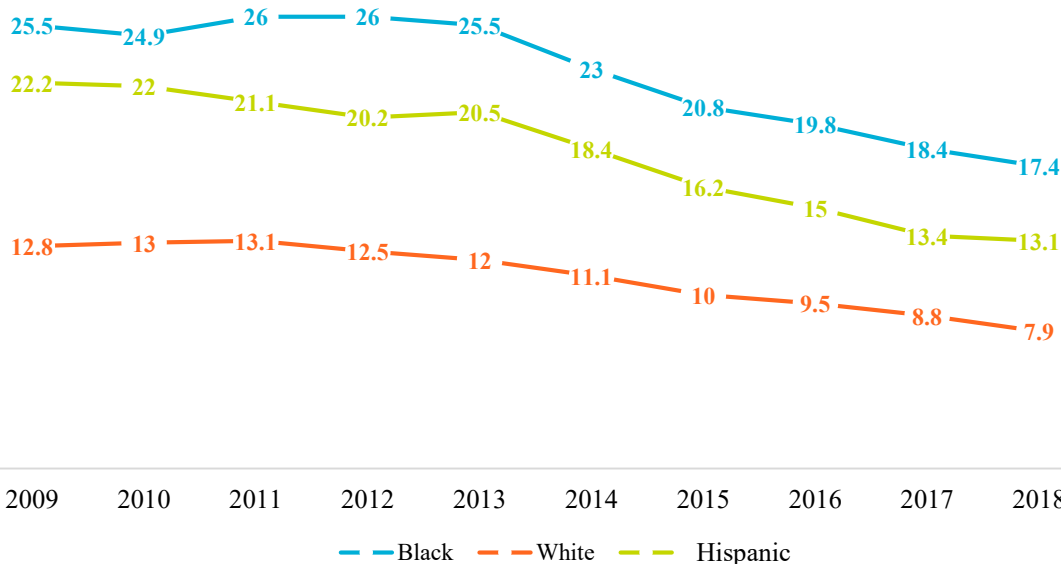

”Renters are particularly vulnerable to price increases in the housing market and are not positioned to accumulate wealth through homeownership, which has long-term implications for asset building and financial security.”
 – The Urban Institute

Mortgage and Lending Denials

MORTGAGE DENIALS BY RACE

A 2018 Lending Tree study found **Miami has highest mortgage denial rate** in the United States

“The Berkeley study found that both face-to-face and online lenders rejected a total of **1.3 million creditworthy Black and Latino applicants** between 2008 and 2015.”
